

**SCHOOL OF NURSING STUDENT COVID SCREENING
AT THE DEPARTMENT OF STUDENT HEALTH AND WELLNESS**APPLIES TO THE FOLLOWING STUDENT GROUPS

- School of Nursing students

PROTOCOLScreening

1. Daily health attestation required of student via the University's *HOOS Health Check* app or email per University [requirements](#).
2. SON is responsible for informing students that, for students in clinical placements at UVA Health, the UVA Health travel policy is required and students must complete the attestation and travel screening when applicable.
<https://emergency.healthsystem.virginia.edu/human-resources/team-member-travel-information-page/>
3. SON is responsible for ensuring that all students have signed the revised Authorization for Release of Healthcare Information (available on the Healthy Hoos patient portal).

Positive Screens and/or Exposures

1. Students with a positive screen on health attestation or travel history OR an exposure to COVID will be instructed to contact Student Health and Wellness.
2. Student Health and Wellness will conduct a telehealth appointment to gather additional history. If needed, student will be directed to Student Health and Wellness for in-person appointment for physical and/or testing.

Testing/ Furlough from Clinical/Practicum

1. Students with history and/or physical concerning for COVID will be tested for COVID. They will be placed on furlough* while test results are pending.
2. Students with positive tests, or symptoms highly suggestive of COVID and false negative test, will be placed on furlough for an additional period per [CDC guidelines](#) and current Employee Health protocols. Student Health and Wellness will report case to TJHD.
3. Students with travel to high-risk area will be furloughed for 14 days.
4. Students with exposure to COVID will be evaluated; quarantine** and furlough decisions will be based on public health guidelines and current Employee Health protocols.
 - a. Furlough forms will be completed by the Student Health clinician and provided to SON (Fax 434-243-9132), attn: Lynn Coyner
5. Student Health and Wellness will communicate furlough/quarantine information (including length of time) to the student.
6. SON is responsible for informing students of Student Health & Wellness requirements that furloughed students do not come to clinical duties/school when they are on furlough; SON is responsible for working with student on any academic needs.

*Furlough is defined as: the student cannot continue with clinicals/practicum or in-person learning during this time

**Quarantine is defined as: the student self-isolates for a period of time specified by Student Health
