

Request for Temporary Exemption Related to COVID-19 Vaccine

2021-2022 Academic Year

Student Name: _____

University ID: _____ Date of Birth: ____/____/____

IMPORTANT NOTE: This temporary exemption is only valid until a student is fully vaccinated against COVID-19 or 10/1/2021, whichever comes first.

By requesting this temporary exemption, I understand and certify:

- I have obtained an approved vaccine (*i.e.* listed on the World Health Organization’s Emergency Use Listing) and will complete the vaccination series no later than 10/1/21. I have submitted proof of my first vaccination with this form. I will submit proof of my vaccination series completion to the University no later than 10/1/21.
- I will comply with testing as directed by the University; at minimum, this will include mandatory testing prior to the start of each semester and weekly prevalence testing throughout the academic year until I meet the CDC definition of “fully vaccinated” for COVID-19.
- I will submit to self-isolation or quarantine in a designated University facility (if I live on-Grounds) or in my own residence or an alternate location of my choice (if I live off-Grounds) and follow the directions of University officials regarding monitoring and self-care in any circumstance (1) where there is a reasonable belief that I have been exposed to an individual who has tested positive or suspected positive for COVID-19, (2) when I may be experiencing any symptom(s) consistent with COVID-19, or (3) if I test positive or suspected positive for COVID-19, until such time as my symptoms resolve and I may be tested and medically cleared to resume participation in University activities.
- I will respond promptly to outreach from the Virginia Department of Health officials and provide all requested information to them regarding my contacts with individuals and cooperate with any contact tracing or other information gathering processes designed to identify risks of virus transmission to others.
- I will follow any additional public health protective measures, which may evolve based on the overall course of the pandemic, as required by [University policy](#). I understand I may be subject to additional requirements if my academic program requires me to be in the University Health System or other clinical settings.
- In the event of an outbreak or a threatened outbreak of COVID-19, I will comply with any University directive that may bar me from living, learning, and/or participating in University-approved activities on-Grounds temporarily or permanently. I understand that any such restrictions will not entitle me to reductions in tuition, housing charges, or other University fees.

I certify that the information I have provided in connection with this request is accurate and complete and the exemption may be revoked if any false information has been used to request an exemption.

I understand that although the University of Virginia holds the health and safety of its community as paramount, there is no guarantee that I will not be exposed to or infected with COVID-19. I have reviewed the CDC's information on the benefits of getting a COVID-19 vaccine (<https://www.cdc.gov/coronavirus/2019-ncov/vaccines/vaccine-benefits.html>) and understand that, as a partially vaccinated individual, my physical presence as well as participation and utilization of facilities, services, and programs at the University of Virginia may carry heightened risks that cannot be eliminated regardless of the care and reasonable efforts taken to avoid and mitigate those risks. I also understand that I may be at higher risk for severe complications from COVID-19 if I have [particular conditions](#) identified by the CDC. Despite these risks, I choose to start this academic year partially vaccinated. I have read and fully understand my obligations as described above and request this temporary exemption related to COVID-19 vaccine.

Student Name: _____

University ID: _____ Date of Birth: ____/____/____

Signature of student/parent or guardian (if a student is under 18):

Date: _____
